PRAISE FOR **HUNGRY RATS**

"Hungry Rats is an emotional and aesthetic tour de force about deep matters of the human heart. Author Connor Coyne shows why the novel is still the most important medium to write about what matters in a manner that matters."

– **JEFFERY ALLEN**
**Author of *Rails Under My Back*,
Winner of the Heartland Prize for fiction**

"Connor Coyne has created a richly imagined world full of surprises for his strange and wonderful characters. This work is wickedly funny and sinfully dark. I found myself both delighted and repulsed, often at the same time!"

– **ARLENE MALINOWSKI**
**Playwright and Performer
Author of *What Does the Sun Sound Like?***

"Hungry Rats is an intense, gripping story of a family of outcasts and deviants. In confident, purposeful, evocative prose, Connor Coyne places you in a family where no one is watching out for you, and you had better watch your back."

– **LEILA SALES**
Author of *Mostly Good Girls*
